Subject:

Lisbon Valley Project Rinsing Schedule

COMMENTS:

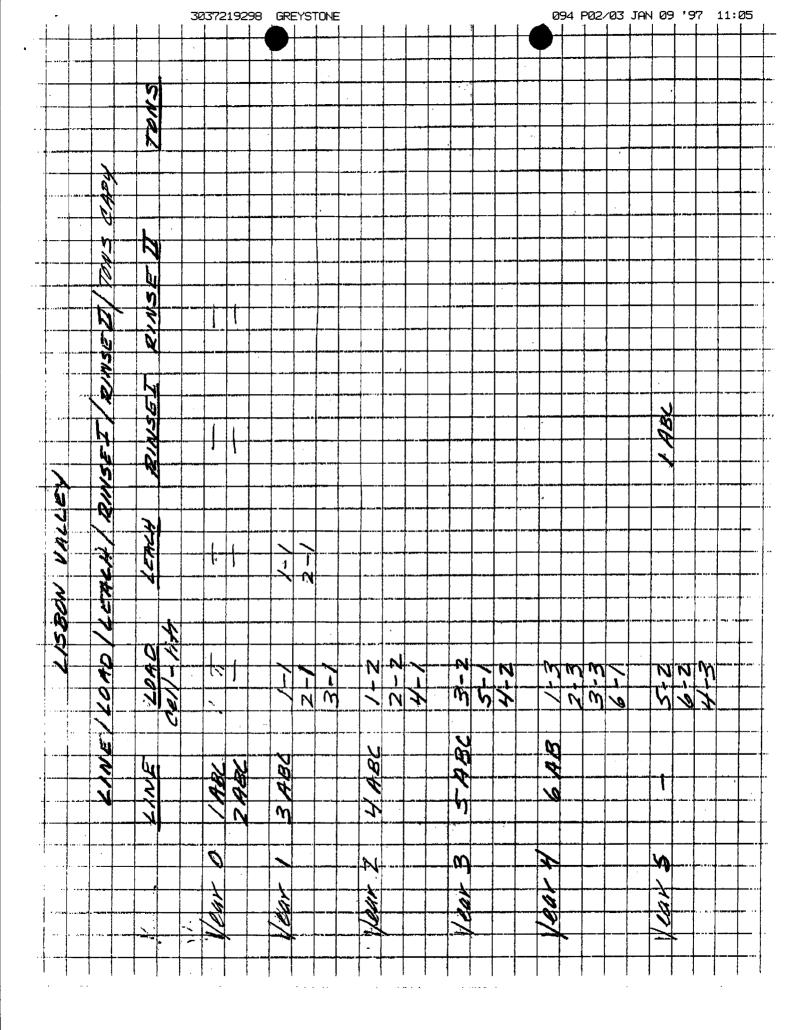

Dear Mr. Jackson:

I went back to my files and have resurrected the following leach/rinse schedule for the Lisbon Valley Project. You will note that in Year 4, Lift 3 is added to cells 1,2,&3. A pre-rinse of cells 1,2,&3 begins in year 5, followed by Phase II (final rinsing) in year 6.

If you have follow-up questions regarding this schedule, please contact me at the listed phone number.

Pat Gochnour Gochnour & Associates, Inc.
